Operable Unit 2 Surface Water IM/IRA Shutdown Notifications

Robert Benedetti, Associate General Manager  
Environmental Restoration Management  
EG&G Rocky Flats, Inc.

During the past several months the Operable Unit 2 (903 Pad, Mound, East Trenches) Interim Measure/Interim Remedial Action (IM/IRA) has had several periods where collection of water was not occurring, contrary to the IM/IRA Decision Document. We were verbally notified but have yet to be formally notified by EG&G of the periods water was not being collected.

Please formally notify us by memorandum those periods of shutdown so that we can notify the EPA and CDH. The notification should include all periods water was not being collected since your last formal notification.

If you have any questions about this, please contact Scott Grace at extension 7199.

  
James K. Hartman  
Assistant Manager for Transition  
and Environmental Restoration
